

Office Memorandum • UNITED STATES GOVERNMENT

TO : Advisor for Management

FROM : Chief, Administrative Services

SUBJECT: Request for Changes in T/O

DATE: 4 January 1951

1. Reference my memorandum dated 15 December 1950 and Administrative Services Division T/O approved 21 December 1950. Confirming several conversations with [] of your office, this is to request the following revisions in the T/O for this Division:

The request for an additional slot here is actually to reflect in the T/O what has physically been in existence for the past several months. An additional employee has been found necessary to assist in receipt and handling of mail, preparation of correspondence and reports, typing, filing and numerous clerical duties. The person presently detailed is a typist, however, it is felt that an individual capable of taking shorthand would be more valuable and would eliminate the necessity of having various letters, reports, procedures and other documents prepared in longhand rather than dictating them.
